

**Study Schedule**  
**VU MF 2nd year Dentistry study programme (taught in English), academic year 2020–2021, spring semester**

Weekday	Time	Group 1	Group 2
I	09:00-10:30	<b>PHARMACOLOGY. CLINICAL PHARMACOLOGY. LABORATORY MEDICINE (LABORATORY MEDICINE)</b> (5-12 week, Online Real Time Lectures) assoc. prof. R. Matuzevičienė	
	12:00-14:00	<b>Optional Subject: Lithuanian Language</b> (week 3-8) Online Real Time sessions, lect. G. Junčytė	
		<b>08:30-11:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology)</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, lect. R. Trumpaitė-Vanagienė	<b>08:00-13:30 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology))</b> (from week 10 every 2nd week) Online Real Time sessions, lect. P. Mikalauskienė
		<b>11:30-13:10 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Cariesology))</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. R. Bendinskaitė	<b>13:30-21:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology)</b> (from week 10 every 2nd week) Online Real Time sessions, lect. J. Pletkus
		<b>13:10-14:40 Fundamentals of Radiology: General and Dental Radiology (Dental Radiology)</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 244; (from week 10 every 2nd week) Online Real Time sessions, lect. D. Ivanauskaitė	
		<b>14:40-16:40 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology))</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, lect. Krukonis	
		<b>17:00-19:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Endodontics))</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. S. Drukeinis	
II	10:15-12:15	<b>Optional Subject: Lithuanian Language</b> (week 3-8) Online Real Time sessions, lect. G. Junčytė	
	15:30-17:15	<b>Pharmacology. Clinical Pharmacology. Laboratory Medicine (Pharmacology. Clinical Pharmacology)</b> (week 2-8, 6 Seminars, Online Real Time Sessions) lect. R. Dzetaveckienė	
	17:30-19:00	<b>PHARMACOLOGY. CLINICAL PHARMACOLOGY. LABORATORY MEDICINE (PHARMACOLOGY. CLINICAL PHARMACOLOGY)</b> (week 2-5, Prerecorded Lectures VMA) lect. R. Dzetaveckienė	
		<b>08:00-13:30 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology))</b> (from week 10 every 2nd week) Online Real Time sessions, lect. Krukonis	<b>08:30-11:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology)</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, lect. J. Pletkus
		<b>13:30-21:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology)</b> (from week 10 every 2nd week) Online Real Time sessions, lect. R. Trumpaitė-Vanagienė	<b>11:30-13:10 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Cariesology))</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. R. Bendinskaitė
			<b>13:10-14:40 Fundamentals of Radiology: General and Dental Radiology (Dental Radiology)</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 244; (from week 10 every 2nd week) Online Real Time sessions, lect. D. Ivanauskaitė
			<b>14:40-16:40 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology))</b> (from week 9 every 2nd week) ) Institute of Dentistry, Žalgirio st. 117, room 228, lect. P. Mikalauskienė
			<b>17:00-19:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Endodontics))</b> (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. S. Drukeinis

III	09:00-10:30	PHARMACOLOGY. CLINICAL PHARMACOLOGY. LABORATORY MEDICINE (LABORATORY MEDICINE) (week 5-8, Online Real Time Lectures) assoc. prof. D. Karčiauskaitė	
	10:40-12:25	Pharmacology. Clinical Pharmacology. Laboratory Medicine (Laboratory Medicine) (week 5-8, Online Real Time Sessions) assoc. prof. D. Karčiauskaitė	
	17:40-19:40	Optional Subject: Lithuanian Language (week 3-8) Online Real Time sessions, lect. G. Junčytė	
		08:30-11:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, lect. R. Pletkus	08:00-13:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology)) (from week 10 every 2nd week) Online Real Time sessions, lect. P. Mikalauskienė
		11:30-13:10 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Cariesology)) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. R. Bendinskaitė	13:30-21:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology) nuo 10 sav., kas 2 sav. (nuotoliniu būdu) lekt. P. Andrijauskas
		13:10-14:40 Fundamentals of Radiology: General and Dental Radiology (Dental Radiology) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 244; (from week 10 every 2nd week) Online Real Time sessions, lect. D. Ivanauskaitė	
		14:40-16:40 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology)) (from week 9 every 2nd week) ) Institute of Dentistry, Žalgirio st. 117, room 228, lect. G. Krukonis	
IV		17:00-19:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Endodontics)) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. S. Drukteinis	
		08:00-13:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology)) (from week 10 every 2nd week) Online Real Time sessions, lect. G. Krukonis	08:30-11:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228, lect. P. Andrijauskas
		13:30-21:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Orthopedic Odontology) (from week 10 every 2nd week) Online Real Time sessions, lect. R. Pletkus	11:30-13:10 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Cariesology)) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 228; (from week 10 every 2nd week) Online Real Time sessions, assoc. prof. R. Bendinskaitė
			13:10-14:40 Fundamentals of Radiology: General and Dental Radiology (Dental Radiology) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 244; (from week 10 every 2nd week) Online Real Time sessions, lect. D. Ivanauskaitė
			14:40-16:40 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry. Periodontology (Periodontology)) (from week 9 every 2nd week) Institute of Dentistry, Žalgirio st. 117, room 244, lect. P. Mikalauskienė
			17:00-19:00 Fundamentals of diagnostics and treatment of oral and dental diseases II/VI (Therapeutic dentistry.
